*Desiree Cousteau is America's biggest grossing Porno Queen at the box office this year. We caught up with her while she was in London filming an orgy sequence for the fifth issue of the outrageous Electric Blue video tape. Her films are too hot for the UK circuits, limiting her to video appearances, but she already has a large cult following here . . . and with good reason.* ♣

*Leggy Janetta tells us that this is by no means her first appearance in a men's magazine – although it's usually in words rather than pictures that her work manifests itself.*

*'Yes, I'm a bit of a writer on the side. I've written a few pieces for various mags – haven't had any printed in* Club International *yet, what about it, eh?*

*'Most of the stuff I write is what they call "erotic fiction", but I call it wanking material. Well, I masturbate when I'm reading it, so I suppose everyone else must. If it isn't a turn on, then it isn't any good, and if you don't have anyone with you to help relieve the tension, as the massage parlour advertisements say, then you've just got to take yourself in hand.*

*'My boyfriends are usually my inspiration. One of them is really dirty, and likes to do really disgusting things to me while wearing my panties . . . but I'll wait until you pay me before I go further. I have to tone down his escapades a bit, or they wouldn't get printed. You wouldn't believe what he can do with a piece of hosepipe and two halves of an orange!*

*'And as most men like to read dirty stories from a woman's point of view, and vice versa, it's quite easy for me to write sexy stuff. I just describe my latest fuck or fucks, then put them in an unusual setting. I always get a close friend to read my stories before submitting them for publication. If he gets an erection, then I send it. But not before I've done something about that hard cock. After all, I'm only human!* ♣
